## DRY SYSTEM

DRY SYSTEM  
UTILITY MODEL  
FRESH AIR IN HOT AIR OUT  
OMP REVOLUTIONARY COOLING SYSTEM

To help drivers reduce body temperature and improve their performance, OMP has designed a range of underwear and breathable clothing. Very often drivers incur situations in which the regulation of body temperature is compromised and the risk of hyperthermia is very high. The increase in body temperature increases the feeling of fatigue, dramatically reduces performance and potentially can lead to circumstances which increase the risk of accidents. Body areas subject to a greater perspiration are: underarm, brachial, back, lumbar, front tibial and popliteal areas.

The OMP ONE line suits (ONE ART, ONE S-1, ONE-S, ONE SL, ONE EVO) and TECNICA EVO, have breathable inserts in strategic areas where the perspiration is more intense. The inserts ability to cool is enhanced when worn with the OMP ONE breathable underwear.

The cooling effect of the inserts is improved when worn with the OMP ONE breathable underwear that now offers a cooling spray solution. OMP's Dry System is a registered utility model.

## STRETCH DRY SYSTEM

® UTILITY MODEL

More comfort, less heat: a goal that OMP pursues since always, and now concretizes with STRETCH DRY SYSTEM. The maximum breathability of OMP Dry System is combined with the elasticity of 3D materials, to allow the best freedom in movements while reducing body temperature. Two fundamental elements to help drivers improve their performance.

## DRY SYSTEM

® UTILITY MODEL

Breathable material inserts are strategically located on back and lumbar area for maximum cooling in hot conditions (for maximum cooling effect, **One suits** should be used along with **One Underwear**).

The **OMP ONE** line breathable suits and underwear facilitate the body thermoregulation, thanks to the innovative weave of the inserts, strategically positioned, that allow for high breathability whilst still maintaining their own fire-retardant properties (according to the FIA standard 8856-2000).

## INTEGRATED QUICK CONNECTIONS

to be used with  
ID/793 system for short races;  
to be used with ID/794 system for  
longer races or go directly for top  
performances with the  
**COOLSHIRT PRO AIR AND WATER  
SYSTEM ID/795**, with additional  
ventilation for your helmet or seat  
(see page 57).

To be used only with quick  
connection in red colour.  
For more details visit  
OMP web site  
[www.ompracing.com](http://www.ompracing.com)

## DUAL FLOW CONTROLLER

**ID/798**

(water and air)- Controls the amount of refrigerating effect and gives the driver control of his/her comfort while in the race car by controlling the flow of cooling water through the shirt and the flow of fresh air in the helmet. Available as replacement for Air & Water System dual controller.

€ 266,00 (D)

## UNIVERSAL CONNECTOR AND DRAIN KIT

**ID/799**

Universal connectors for supply hose ID/797. Available as replacement of original parts.

€ 80,00 (D)

## SAFETY PULL RELEASE CONNECTOR

**ID/800**

Safety pull release connectors that allow to connect the shirt to the supply hose ID/797. Available as replacement of original parts.

€ 55,00 (D)

## BRACKET

**ID/801**

Spare mounting tray for Club System (ID/794). Comes with tie down strap.

€ 95,00 (D)

## MAINTENANCE ADDITIVE

**PC02004**

This non-toxic bio-degradable solution contains a fungicide yet is safe to use in all Coolshirt water based cooling systems. Regular use of this additive will not only help clean the system but it will also improve the performance and life of the system pump.

€ 16,50 (D)

## BAG SYSTEM

**ID/793**

### WATER COOLING SYSTEM PORTABLE FLEXIBLE BAG

Lightweight and waterproof canvas denier bag with an internal 12 V pump. For use in all types of racing. Cooling time: 1/2h - 1h More accessories available.

**Supply hose ID/797 sold separately.**

€ 240,00 (D)

## CLUB SYSTEM

**ID/794**

### WATER COOLING SYSTEM CLUB SYSTEM RIGID BOX

23 lt capacity cooling unit with an internal pump which supplies water to the cooling underwear through 3 mt of double insulated hose with automatic shutoff/quick disconnects. Perfect from road courses to oval track racing. Cooling time: 6h More accessories available. **Bracket ID/801 included. Supply hose ID/797 sold separately.**

€ 260,00 (D)

## COOL SHIRT SYSTEM

**ID/795 COOL SHIRT PRO AIR  
& WATER SYSTEM**

Used in all levels of racing, it provides temperature controlled cooled water to the driver's Cooling Shirt and cooled filtered hair to the helmet. 2,5 mt of double water hose with automatic shutoff/quick disconnects attach the shirt to the unit. The kit includes the box with internal pump and blower, supply water hose (2,5mt), dual flow controller (ID/798), mounting tray (ID/801), air hoses, connectors and filters. Cooling time: 4h More accessories available.

€ 990,00 (D)

## FLOW CONTROLLER

**ID/796**

Controls the amount of refrigerating effect and gives the driver control of his/her comfort while in the race car by controlling the flow of cooling water through his/her shirt.

€ 199,00 (D)

## SUPPLY HOSE

**ID/797**

CoolShirt 10ft (3 mt) supply hose enables the Cool Shirt Bag or Club System Box to be stored further away from the driver if required. Inherently flexible, the Hose Supply is an ideal accessory to ensure future flexibility for the Cooling system. Also available as replacement for CoolShirt water cooling system damaged hoses.

The following measurements are given as a guide. Actual measurements may vary to accomodate production. Seat fitting type: according to FIA regulations the seat must be fixed to the brackets by means of at least four bolts M8 class 8.8. The diagram shows the distances between the fixing points in mm.  
\* the weight refers to the complete seat (tolerance of 10%).  
\*\* referring to bottom fixing points of the sliding guide.

TYPE W: inner side int. 289 mm    TYPE Y: bottom 345x270 mm

LEGEND

A external max width at shoulders

B seat bottom to mid shoulders

C seat bottom max external width

D total height of seat back

E external max width at seat fixing inserts

F seat inner width (belt holes area)

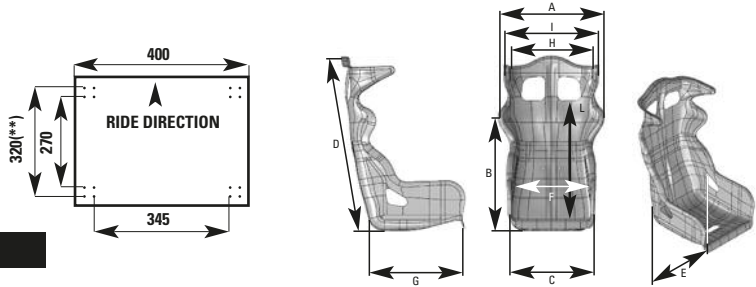

G bottom length

H internal width between side head protections

I external width between side head protections

L height from the bottom to the harness slot

W= side fixing    Y = bottom fixing

# AIR COOLING KIT

## COOLING COMFORT

New air cooling kit to be mounted on predrilled seat shell (all OMP "Air" seats). This system give a new level of cooling comfort to the drivers specially during long races in very hot condition.

The kit includes:

- a shell to be mounted on the the back of the seat with included shaped bihadesive tape (HC/913/G)
- a connection hose (1,5" x 2mt) with inner metal spiral (HC/913/T) that can be fixed to the shell and to the blower HC/914 or to others air sources (inner intake of the car)
- a connection junction in rubber (HC/913/R)
- 45° connection junction in rubber (HC/913/R45)

All components are sold also separately as spare parts.

HC/913

€ 173,00 (C)

\* Homologation extension for rollbar attachment

Professional lightweight quick release adjuster made of high strength forged aluminum, designed to minimize the weight and slipping of the webbing, ergonomic and compact.

Light quick release adjuster made of steel and high strength aluminum, ergonomic and compact.

Professional adjuster made of high strength steel.

Plate attachment made of steel with high mechanical strength designed for formula cars.

Webbing end sewn specifically for formula cars attach.

Buckle fixed to the crotch strap.

Professional adjuster made of high strength steel for 2" lap strap.

Homologated also for direct attachment to roll bars.

Snap hook attachment made of steel with high mechanical strength designed to improve performance and for optimum safety.

Buckle fixed to the lap strap.

Runner for use with rubber bands - specifically for GT cars.

Runner for fixing intercom connectors.

# ROLLBARS

FE 45 BOLT-IN AB/100/...

Sample drawing

FE45 steel bolt-in roll bars with Ø 40x2 & 50x2 tubing, connecting sleeve tubes and reinforced brace in the main hoop. Supplied with door bars and diagonal reinforcement at rear.

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

FE 45 BOLT-IN AA/104P/...

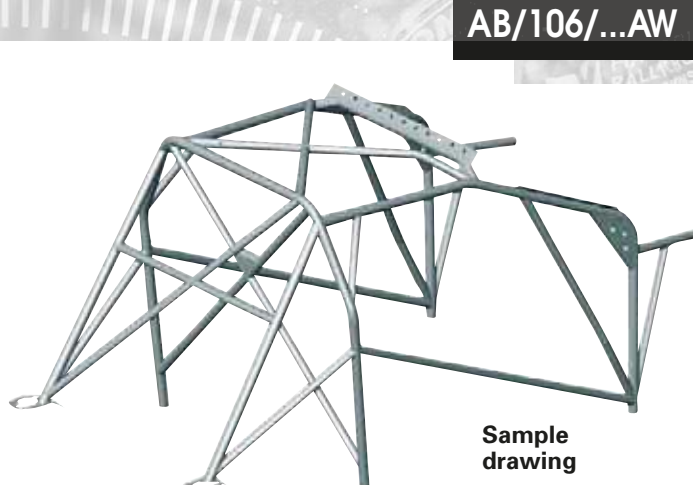

Sample drawing

FE45 steel bolt-in roll bars with door bars. To be cut to measure and welded upon installation.

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

MULTI-POINT WELD-IN AB/106/...A

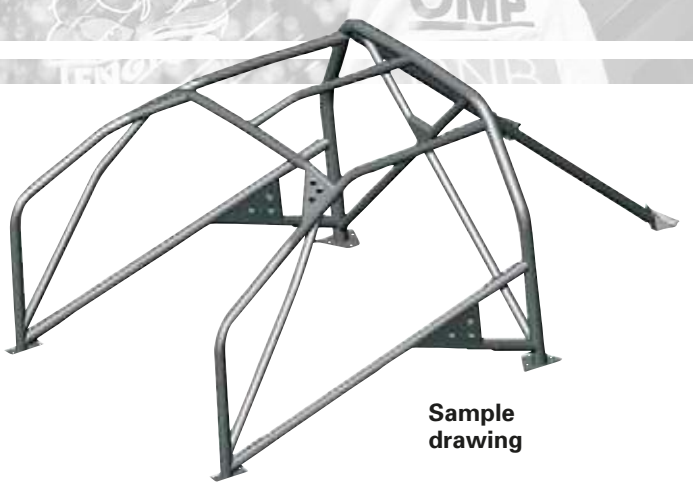

Sample drawing

AB/106/...A supplied partially assembled. AB/106/...AW supplied not assembled. Multi-point weld-in chromoly (25CrMo4) roll bars. Reduced weight and improved rigidity compared with steel bolt-in roll bars.

Supplied partially assembled to facilitate and reduce installation cost.

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

MULTI-POINT WELD-IN AB/106/...B

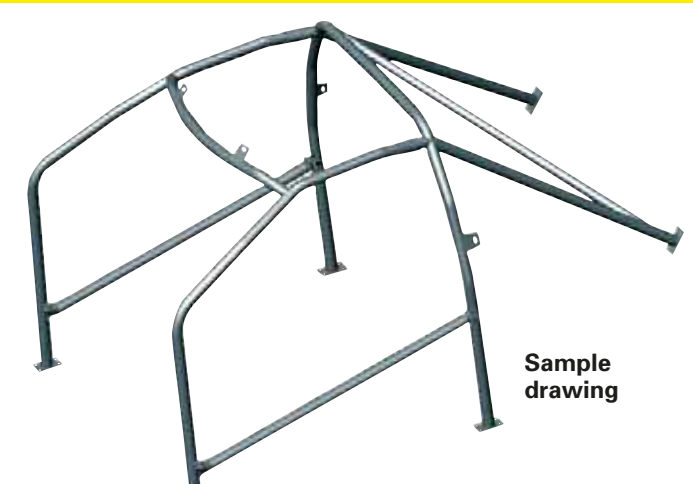

Sample drawing

Multi-point bolt-in chromoly (25CrMo4) roll bars. Reduced weight and improved torsional rigidity.

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

FE 45 BOLT-IN AB/105P/...

Sample drawing

FE45 steel multi-point bolt-in roll bars with Ø 40x2 & 50x2 tubing, connecting sleeve tubes and door bars. To be cut to measure and welded upon installation.

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

FE 45 WELD-IN AA/105/...A

Sample drawing

FE45 steel weld-in roll bars with Ø 50x2 tubing on the main hoop and Ø 40x2 tubing elsewhere. It may be necessary to remove or cut interior panels to facilitate installation.

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

OFF ROAD BOLT-IN R/...

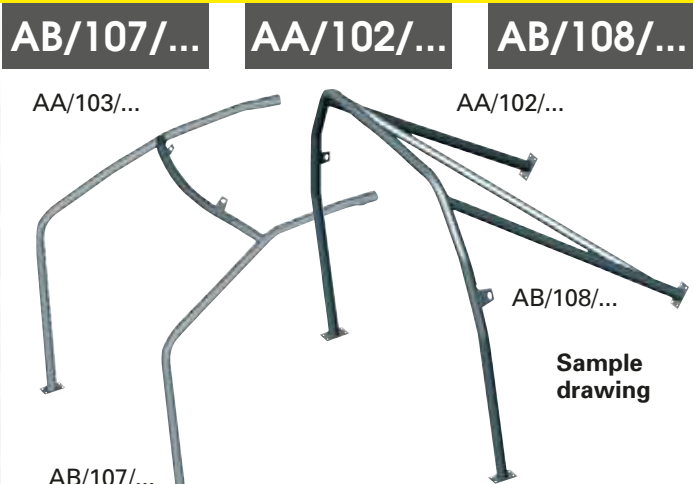

Sample drawing

Off road Fe 45 steel bolt-in roll bars.

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

REPLACEMENT HOOP AA/103/...

Sample drawing

AA/103/... AB/107/... Replacement front hoop in FE45 steel (only for AA/104P and AB/105P). AA/102/... AB/108/... Replacement rear hoop in FE45 steel (only for AA/104P and AB/105P).

The images of the rollbar next to the root codes are purely illustrative - to verify the actual see the application list on [www.ompracing.com](http://www.ompracing.com)

Kit (2+2) of perforated plates for rollbar fixing in.

Front

Rear

€ 22,00 (C)

## SUMPGUARDS, TANKGUARDS AND DIFFERENTIAL GUARDS

Made from a special aluminium alloy, these sumpguards have several functions: they protect the mechanical parts such as sump, gear-box, transmission etc. and they also contribute to stiffen the whole body and the front part of the car. For this reason they are suitable for every day use and are particularly useful for those driving on uneven roads.

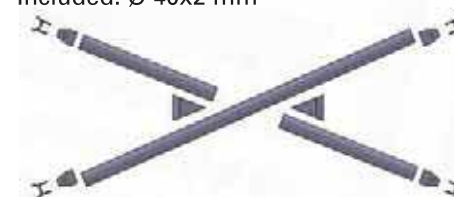

Search Complete Application List - also on [www.ompracing.com](http://www.ompracing.com)

## REINFORCEMENT

### AA/111A FIA-J ANN

KC/1069

42 spare cards for pit boards KC/1067 and KC/1068, supplied in a synthetic leather carrying pouch.

€ 57,00 (C)

# TYRE WARMERS

A line of tyre warmers available in 4 different standard sizes, offering greater versatility across a wider range of tyre sizes and now available in two types: with a standard temperature control thermostat or with a central electronic temperature control box.

**Interior:** Nomex®.

**Exterior:** Cordura® which improves transpiration allowing moisture to escape away from the tyre.

**Electrical cables and connectors are compliant with EEC electrical standards.**

Upon request, tyre warming blankets can be made to measure. Tyre warmers for motorcycles are also available upon request.

**Tyre warmers models with a Central Electronic Temperature Control Box (part number T200)** allows each of the 4 tyres to have individual temperature settings. The control box features an electronic control device controlled by software preventing overheating. The external case of the control box is ABS plastic with an electrical protection rating of IP44.

**T1957C**  
Width: 190/220 mm Ø 570/220 mm

€ 484,00\* (C)

**T1963C**  
Width: 190/200 mm Ø 630/640 mm

€ 504,00\* (C)

**T2363C**  
Width: 230/260 mm Ø 630/645 mm

€ 504,00\* (C)

**T2360C**  
Width: 230/260 mm Ø 600/620 mm

€ 504,00\* (C)

**Tyre warmers models with a Standard Temperature Control Thermostat** allows the tyre surface to reach 70/80 °C. The time required to reach this temperature is depends on ambient temperature, tyre dimensions and operating conditions.

**T1957**  
Width: 190/220 mm Ø 570/585 mm

€ 432,00\* (C)

**T1963**  
Width: 190/200 mm Ø 630/640 mm

€ 452,00\* (C)

**T2363**  
Width: 230/260 mm Ø 630/645 mm

€ 452,00\* (C)

**T2360**  
Width: 230/260 mm Ø 600/620 mm

€ 452,00\* (C)

THE MEASUREMENTS REFER TO THE TYRE SIZES.

\*Price is for single tyre warmer.

## MASTER SWITCHES

FIA APPENDIX J art. 253

**EA/462** € 35,00 (C)

## TERMS OF SALE

By placing an order, the buyer accepts and unconditionally agrees with the conditions described in this document, and undertakes to follow them during the course of the business relationship with OMP Racing, declaring to have read and accepted them. The buyer also agrees that OMP Racing don't consider themselves bound to different conditions, except where agreed in writing in advance.

The buyer accepts the terms of sale indicated below. In the event of any legal dispute, the Court of Genoa, Italy, is competent. OMP Racing reserves the right to modify the terms of sales anytime, also in view of possible regulatory changes. The new Terms Of Sale will be effective starting from the date of publication on OMP Racing official website ([www.ompracing.com](http://www.ompracing.com)). For any request of clarification or complaint, contact the following email address: [info@ompracing.it](mailto:info@ompracing.it)

### CHARACTERISTICS AND PRICES OF PRODUCTS

The price indicated are VAT excluded. The characteristics and technical data of the items presented in this catalogue are not binding and can be changed without notice. The products' colors can also be considerably altered.

### RETURNED ITEMS - DELIVERY TIME

OMP Racing is not responsible for delayed deliveries and will not pay for possible consequent damages. Returned goods will be accepted only when authorized by OMP, provided with regular goods return note, and carriage paid. OMP will charge all the costs deriving from damages on the returned goods or missing parts. Defective or not functioning items that will be returned after having been purchased will be repaired in the necessary time and will not be substituted by new ones in any way. Orders made in writing (fax, mail, e-mail, etc.) will be considered automatically confirmed and will be forwarded in accordance with the normal procedure. The goods travel at the risk of the consignee, and any damage caused during the carriage will be charged to the consignee.

### CARE AND MANTAINANCE

Before the use of any item, carefully read the labels and the user's manual, and strictly follow the instructions. Improper use or maintainance can reduce the effectiveness of the item, provoke untimely wear and increase the risk of serious or lethal injuries in case of accident or fire. Improper use or maintainance void the guarantee and relieve OMP Racing from any responsibility towards the user.

## WARNING

Motorsport is an intrinsically dangerous activity, that can result in serious or lethal injuries. The items described in this catalogue provide for protection on specific parts of the body for a a limited period of time in controlled test conditions, in accordance with the FIA standard specified on each item's label. No device can provide a complete protection from every injury in case of accident or fire. The user, at the time when he uses the products, relieves the manufacturer, the distributor, the owner, the employees, the agents, the sales representatives from any responsibility. It is the user's responsibility to become familiar with all available informations about the correct use and maintainance of the products. If uncertain of the correct use and maintainance, the user must not use the products. The manufacturer, the distributor and their respective owners, employees, agents and representatives are not responsible for mistakes or omissions.

### DISCLAIMER

- Each personal safety device is part of a complete safety system including the other racewear products, protections, the vehicle, the racetrack, the event organization.
- Personal safety products are not conceived to provide the same performance level or protection through the whole specific product. Different parts or areas of the product can provide different levels of protection, in spite of the fact that they may appear the same.
- Personal safety products must always be inspected before use and replaced after any evidence of wear, and after exposure to chemicals, excessive heat or any unusual condition.
- Products are sold to be used in legally sanctioned autosport events only, and are not intended to be used and/or installed for regular street use, as street use safety products are subject to different homologations and laws depending on the State or country.
- It is the user's responsibility to become familiar with all available informations about the correct use and maintainance of the products. If uncertain of the correct use and maintainance, the user must not use the products. The manufacturer, the distributor and their respective owners, employees, agents and representatives are not responsible for mistakes or omissions.
- Every single modification or customization of the products, and every operation on them may reduce their security features. Thus, the user is responsible at his own risk for the reduction of security features caused by modification or customization.

### BY THE USE OF THESE PRODUCTS, THE USER ACKNOWLEDGES:

That each personal safety device is part of a complete safety system including the other racewear products, protections, the vehicle, the racetrack, the event organization; that personal safety products are not conceived to provide the same performance level or protection through the whole specific product. Different parts or areas of the product can provide different levels of protection, in spite of the fact that they may appear the same; that personal safety products must always be inspected before use and replaced after any evidence of wear, and after exposure to chemicals, excessive heat or any unusual condition. That the helmet is conceived and designed to reduce the risk of cranial and facial injuries only in case of impact. That no helmet can protect against any possible and foreseeable impact. That helmets are not recommended and sold for high-risk jobs such as refuelers.
